Dear Clark Mills Families,

We are beginning our annual program that helps us prepare for National Reading Month in March. The program is designed to help you, your family and friends increase the amount of reading materials in everyone's home. In addition, each purchase made through the program provides our school with money we can use to enhance your child's educational experience.

Please help us by clicking the link below. Once in the system follow the setup instructions, help your child(ren) create an Avatar, add 10 email addresses of your family and friends and let the system go to work for us.

Your student(s) will receive a reward for registering and sending 10 emails. The reward is available until Friday afternoon (02/2/2024), so please help get registration completed this week.

You can get started by clicking this link (below).

Thank you for your assistance.
Sincerely,
Mrs. Orlando
